

**The Ant Hill Community is a eusocial model
of unity, productivity, sharing, and compassion.
Though small in stature as ants, the strength of Chakmah/Wisdom
is evident through which all things are attained.**

I always wondered why somebody didn't do something about that, then I realized I was somebody.

As ants, we live Community—Collectively as One House. We are ALhhim. The ALhhim live in one house—all things common as congruent Rings of Life. We share all things common which is the sweetness of community.

We labor together in a unified complex as ants/*namulim*, who have the mind to serve the Collective through which many portals of Understanding are formed. The portals of the ant hill convey many paths achieved through a Unified Consciousness.

The structure of the Community is the House of Daúwd/ΔΥΔ. Every Name is a Teraysarun united to another Teraysarun. Each community member is joined to another to conduct the affairs/projects of the community, whereby we have the strength of bonds and fulfill our responsibilities to each other and to the whole. Pairs are the basis of the Teraysarun House of the beloved.

***The ants are a people...
they prepare in summer for their bread.***
