

Welcome to the **Tongue Talker** podcast where we talk about what is within everything and especially within every person. Yes, there are correlations to literature that we may have depended upon that may clarify or assist us to comprehend the value, strength, beauty, and destiny of the wisdom that is within us and keeps your life in the path of revelations. Listen to what you hear to say. what is your tongue talking about?

In this podcast, we are speaking about.

What is Wisdom Where does wisdom come from?

The tongue is that tail that's on the head body of the semen that wiggles and actually speaks to decode what is in the body and head of our being.

It is by the tongue when we enter into the waters of our mother that everything that is within our head-body seed becomes to be known and manifested. in speaking we bring forth what has been assembled within our seed name that it might appear, and it might ascend unto crowning glories. In listening to the Tongue Talker, as the Serpent in the Garden, your eyes will be opened, and you will not die—sleep/slumber.

Where does wisdom come from?

The word wisdom 𐤆𐤌𐤎𐤏𐤍 in the language of our forefathers is heard as Chækúwmah/Chokmah, which means it is the power within us to ascend through branching as a tree by the Waters of Bayinah. These branches are called The 12 faculties of soul that are revealed through Her Waters. The branches form a body of pairs to be filled with the light of your countenance/faces.

In knowing wisdom, we understand our origins, and also our destiny from which we come out of the invisible to reside in the Visible nature of light.

Thus wisdom, Chækúwmah, contains the joy of giving everything that is within us. We leave nothing behind in the womb that is in our seed. Yes, everything completely is drawn out, extracted through the waters by the fire of our name by which we have the vitality of life.

The joy of giving is the strength of our life, by which we are able to overcome obstacles by the force of wisdom depicted as the sun that shines brightly within the habitations of every person. As we are more cognizant of this wisdom within us,

we are defended, for who can withstand the heat and authority of the sun that rules your days?

Wisdom is gold. It comes out of the inner whiteness in seed that encapsulates the silver light of Bayinah. As the inner light of Bayinah is extended, it forms a manifest to shine through as Chaekúwmah/Wisdom.

While some may think that they need to study for years to get wisdom as the Owl, everyone already has wisdom, by which they are born, even though they may not realize how they come to be out of the waters of the sea

You appear by Wisdom after connecting a pair of faculties. A single, unconnected string cannot make an audible sound or sustain a vibration to form a body or any matter.

To vibrate and produce a recognizable sound note, a string must be connected at two fixed points. This is called AL 44 The tensioned connection creates what is called a standing wave. When the string is plucked or struck, the waves travel to the connection points and reflect back, creating a specific sound (or pitch) to form a body

When you pray.

When you ask the heavens or desire to communicate with others in your residence field, you do so in your name. Like the saying, whatever you ask or seek to achieve, CONFIRM it in your NAME by which your ambition has the results of your requests. Ideas require an amen or confirmation to be fulfilled.

Your Name is the place by which all that is destined happens. This applies to your prayers in levels of understanding, known as speaking to the invisible, and also in your residence of manifest, in speaking in states by wisdom. Blessings of heavens and earths are bound in your Name like what is in a flower bulb that has both its body and glorious crowns to govern its happy heights of joy. An oak speaks in its name/place by which the lights of Bayinah and Chaekuwamah supply it abundantly to ascend and fulfill its days. The tree is ever ready as it stands upright to receive the dew and sun. It wouldn't be effective for an oak to act or speak as a lily.

The Holy Spirit comes out of the waters of the deep called the inner most belly as Wisdom comes out of Bayinah. This is the pattern of the sun coming out of deep darkness. Remember, Wisdom come out of the White Silver composite in Seed. She is called TheHoly as your breaths of Dan sanctify and keep your dwellings of soul and body. The Spirit of Name flows freely in all your parts as they

are made by your Name of Fire in Chaekuwmah, that are revealed through your Name of Waters in Bayinah by which all of your parts of Soul and Body know and honour your Spirit.

The Holy Spirit is referred to as a River of Life because it's constantly flowing through the blood and entering into all of your parts refreshing your mind and body. The Holy Spirit is known as The Comforter by the Prince Name of Dan: Achiozar Bann Ommished—my Help Mate is generated by the unlimited abundance in Understanding. By the spirit intelligence of your Name you continue in the path of waters by your daily ascent of fire in your offerings. What a tree becomes is according to its ascents by which what is in Seed is fully extended.

The Wisdom of your Name is called the Front Appearing Force of the Faces of Yehu in you. While all of the 15 Faces of Yehu are paired names of Fire and Water to reside together in the 12 faculties of soul by which they compose their tabernacle in three names in Lauwi/the House of Levi, there is one unique name of the Faces by whom you are sent out of the Single Eye; through this Eye Gate you are called by Name to reside in their House.

The speaking of the ALhhim in your Seed is not dependent upon seeing first, but in so speaking, the Words of your Mouth generate eyes to see what is in the invisible, as stated, in speaking your eyes will be open.

An example. The ALhhim word bearers in the Scroll of ALphah/Genesis, speak and then see the good in what they say.

We do the same to each other. We speak together and then see what is in us as written in our Stones of Soul:

And ALhhim SAY, 4Y4 1111 Yahhi Aúwer. Let there be light: and there is light. You And ALhhim SEE the light, that it is good. Seeing follows Speaking. You spoke first in the waters and then by your words you appear.

So in your Beginnings, A name is Fire and Water that is able to speak upon fire drawing out of pairs that appear in water.

Names are born of frequencies in crowns like rose bushes are born from Rose Hip Crowns, or as Oak Trees are born of Acorns above. In these native parables, come the Sayings that we are born from ABOVE. The Crown from which we are born is the Corona of Aharuwan and Arunyah. This is the Gate of the Single Eye that fills the Body with Light.

In body building the Bet HaShem—The House of Name, it is understood that you can appear after connecting a pair of faculties as in the womb. The Breaths are

connected to the two eyes; the ears are connected to the waters in the stomach, the mouth is connected to the heart, etc. A single, unconnected string cannot make an audible sound or sustain a vibration to form a body.

To vibrate and produce a recognizable sound note, a string must be connected at two fixed points. The Strand is called AL 𐤀𐤋 The 15 Strands of AL are of the paired Faces of Yehu by which the parts of your Body form the Tabernacle as the Residence of Yehu.

Words of AL are vibrations that spin off of frequencies like sounds of a harp when strings are connected to two ends and then plucked, To vibrate and produce a recognizable sound note, a string must be connected at two fixed points. Our daily growth as a Tree is by connecting the Strands of Wisdom to their origins in Understanding illustrated by attaching the Lamb—the follower offering to the Wood Teachings upon the heart altar. The strands of life are the two points of the Visible of Wisdom connected to the Invisible of Understanding

Your Name that is sent has two sides of paired Letters as AHaRuwaN 𐤀𐤁𐤏𐤕𐤁𐤏 and ARuNyaH 𐤀𐤕𐤏𐤕𐤁𐤏. One side of your body's Name is of Wisdom, the underlying Name is of Understanding. Your name appears by Wisdom that let out from the side of Bayinah. this is called your front name that is destined by your back name.

For example the names of Adam/Adim 𐤀𐤁𐤏𐤕 meaning the Witnesses of Bayinah have the back side name of Madim, 𐤁𐤏𐤕𐤁𐤏 meaning garments that are fitted from the root word, MaD 𐤁𐤏𐤕𐤁𐤏 meaning go form water or photo meters which is how your Faces of Yehu appear in you bodily.

I hope this brief dissertation of the concept of wisdom gives you joy, happiness, and peace as you move through the waters of your habitation onto the destiny that is set before you. In listening to the TongueTalker in your Garden, your eyes will be open and you will be WISE as ALhhim. shalom/shallam.
